

Workshop Schedule

Friday, August 10

Click [here](#) to see the Workshop Listings.

Room	L102	L103	L201	O101	G102	HT-334	Litla-torg	Workgroup Room
Thread	Methodology	Methodology	Methodology	Methodology/ Learning &Teaching	Learning & Teaching/ Security/ Public Policy	Learning & Teaching	Learning & Teaching	Learning & Teaching/ Stakeholder Engagement
Workshops 8:30–10:00	Getting Started with Vensim (5020)	Multiscale modeling and simulation method for policy making - Part I (5025)	Getting Started with Stella and Stella Online (3341)	Introduction to the Loop Impact Method of Feedback Dominance Analysis - Part I (4960)	Raising the uptake and impact of system dynamics teaching and training - Part I (5027)	Introduction to System Dynamics - Part I (5029)	Experiencing Systems Kinesthetically and Virtually - Part I (5033)	Teaching Students to Create Original SD Models in a Ten-Week Course (5031)
Break (10:30–11:00)								
Workshops 10:30–12:00	Calibration & Optimization with Vensim (5019)	Multiscale modeling and simulation method for policy making - Part II (4003)	Managing Complexity with Stella (3234)	Introduction to the Loop Impact Method of Feedback Dominance Analysis - Part II (3987)	Raising the uptake and impact of system dynamics teaching and training - Part II (3988)	Introduction to System Dynamics Part II (3334)	Experiencing Systems Kinesthetically and Virtually - Part II (3993)	SD reporting: the practitioner's approach (5032)
Lunch (12:30–13:30)								
Workshops 13:00–14:30	Getting Started with Ventyity (5018)	System Dynamics Model Documentation and Assessment Tool (SDM-Doc) (5023)	Optimization and Sensitivity with Stella (3214)	Feedback Rich Model Construction with Powersim Studio (3983)	The Cyber Security Game - Red versus Blue (5026)	Teaching Pre-College Secondary School Educators, Parents, and SD Advocates SD Using Stella Online (5030)	Agritopia - Agriculture and Land Use Policy Simulator - Part I (5022)	Scriptapedia for an Evolving Group Model Building Community of Practice - Part I (5021)
sBreak (15:00–15:30)								
Workshops 15:00–16:30	Ventyity II - Concepts (5017)	Model confidence building using the PySD testing battery (5024)	Creating Multiplayer Interfaces and Games with Stella (3342)	Creating Interactive Simulations Online with Forio Epicenter (5015)	Enabling Collaborative Governance Through Systems Modeling: Chapter Development (5028)	Starting from scratch: Habits and practices for better model construction (5016)	Agritopia - Agriculture and Land Use Policy Simulator - Part II (4007)	Scriptapedia for an Evolving Group Model Building Community of Practice - Part II (4008)
